Ordinary Rubber tile

Standard : 300mmX300mm

Thickness : 10mm、15mm、20mm、25mm.

Product color : Red, green, blue, black, grey

Product features : prevent slippery, selastic, wear-resisting

Application : outdoor

Standard : 500mmX500mm

Thickness : 10mm、12mm、15mm、18mm、20mm、25mm、30mm、40mm、50mm.

Product color : Red, green, blue, black, grey

Product features : prevent slippery , selastic, compressive strength

Application : outdoor

Material : Waste tyre rubber wire

Standard : 500mmX500mm

Thickness : 10mm、12mm、15mm、18mm、20mm、25mm、30mm、40mm、50mm.

Product color : Red, green, blue, black, grey

Product features : prevent slippery, selastic, mpact resistance ,wear-resisting

Application : outdoor, GYM area

Standard : 1000mmX1000mm

Thickness : 15mm、18mm、20mm、25mm.

Product color : Red, green, blue, black, grey

Product features : prevent slippery, selastic, wear-resisting,good protection performance.

Application : outdoor

Jack floor tile
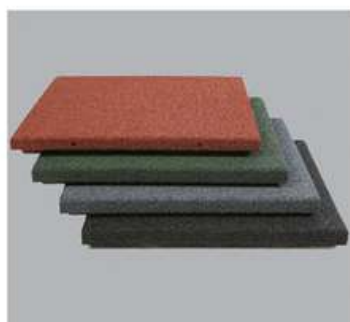

04

Product name : Jack floor tile
Standard : 300mmX300mm
Thickness : 25mm、30mm
Product color : Red, green, blue, black, grey
Product features : both sides can't afford to skip
Application : plaza,residential area

Product name : Jack floor tile
Standard : 500mmX500mm
Thickness : 25mm、30mm、35mm、
40mm、50mm、25mm
Product color : Red, green, blue, black, grey
Product features : No warped corners on all sides
Application : outdoor, GYM area

Product name : interlock rubber tile
Standard : 500mmX500mm
Thickness : 20mm、25mm、30mm
Product color : Red, green, blue, black, grey
Product features : flat, selastic
Application : indoor, GYM area

Standard : 500mmX500mm
Thickness : 25mm、30mm、40mm、
50mm.
Product color : Red, green, blue, black, grey
Product features : Good drainage,selastic
Application : outdoor

Product name : I Brick
Standard : 160mmX200mm
Thickness : 18mm、20mm、23mm、25mm
Product color : Red, green, blue, black, grey
Product features : prevent slippery, wear-resisting
Application : plaza, park

Product name : Rampe major
Standard : 1100mmX400mm
Thickness : 50mm
Product color : Black
Product features : prevent slippery, wear-resisting
Application : door mat

Product name : Planting grass brick
Standard : 160mmX160mm
Thickness : 30mm
Product color : green
Product features : scarification,environmental protection
Application : car park, garden

Product name : Jack floor tile
Diameter : 44.5cm
Thickness : 18mm
Product color : Red, green, blue, grey
Product features : prevent slippery, selastic, good protection performance, mpact resistance
Application : park

Irregularly shaped rubber tiles

SHANZHONG

Product name : Regular shaped square
Standard : 406mmX406mm
610mmX610mm
Thickness : 17mm、19mm、20mm、
25mm、30mm
Product color : Red, black
Product features : prevent slippery , wear-resisting
Application : square, the park

Product name : Irregularly shaped
Standard : 406mmX406mm
Thickness : 17mm、19mm、20mm、
25mm
Product color : Red, green, blue, Brown
Product features : prevent slippery , wear-resisting
Product features : path , square , amusement place
Material : Waste tyre rubber granule

Product name : Around the tree
Standard : 240mmX240mm
Thickness : 12mm
Product color : Red, Brown
Product features : prevent slippery , wear-resisting
Application : landscaping
Material : Waste tyre rubber wire

Product name : Park stair mat
Standard : 914mmX254mm
Thickness : 16mm
Product color : Red, green, blue, black, grey
Product features : prevent slippery , wear-resisting
Application : the park steps

Regular shaped rubber tiles

SHANZHONG

07

Product name: Seeing-eye brick

Standard: 500mmX500mm

Thickness: 15mm、18mm、20mm、
25mm

Product color: Red, green, blue, grey

Product features: prevent slippery, wear-resisting
good protection performance

Application: path, outdoor project

Product name: Seeing-eye brick

Standard: 300mmX300mm

Thickness: 10mm、15mm、20mm、
25mm

Product color: Red, green, blue, grey, yellow

Product features: selastic, wear-resisting
good protection performance

Application: path, outdoor project

Product name: 16 Square brick

Standard: 500mmX500mm

Thickness: 15mm、18mm、20mm、
25mm

Product color: Red, green, blue, grey

Product features: prevent slippery, wear-resisting
good protection performance

Application: outdoor, plaza, residential area,

Product name: 4 Square brick

Standard: 1000mmX1000mm

Thickness: 15mm、18mm、20mm、
25mm

Product color: Red, green, blue, grey

Product features: prevent slippery, wear-resisting
good protection performance

**Application**: the kindergarten, plaza

Rubber floor tile with sink

08

Product name : T groove
Standard : 500mmX500mm
Thickness : 35mm、40mm、50mm
Product color : Red, green, blue, black, grey
Product features : Good drainage, selastic,
Application : outdoor、the kindergarten

Product name : T groove 2
Standard : 500mmX500mm
Thickness : 35mm、40mm、50mm
Product color : Base layer black,
           top layer any colour
Product features : Good drainage, selastic
Application : outdoor、the kindergarten

Product name : 3X3 With sink
Standard : 500mmX500mm
Thickness : 20mm、25mm、30mm、
          40mm、50mm
Product color : Red, green, blue, black, grey
Product features : Good drainage, selastic
Application : square、residential area

Product name : 2X2 With sink
Standard : 500mmX500mm
Thickness : 20mm、25mm、30mm、
          40mm、50mm
Product color : Red, green, blue, grey
Product features : Good drainage
Application : square、residential area

Rubber tile

Product name : Egg holder type

Standard : 500mmX500mm

Thickness : 40mm、45mm、50mm

Product color : Red, green, blue, grey

Product features : Increase the elasticity

Application : square ,the kindergarten , residential area

Product name : Two-in-one rubber floor

Standard : 500mmX1000mm

Thickness : 18mm、20mm、25mm

Product color : Red, green, blue, black, grey

Product features : selastic, prevent slippery, good protection performance

Application : the kindergarten, GYM area

The main raw material for rubber floor tiles is rubber granules made from shredded waste tyres.

Safe and environmentally friendly, it has the abrasion and impact resistance and ageing resistance that tyres on the run are subjected to. It is laid without any auxiliary materials such as adhesives, is do-it-yourself and is easy to cut and can be combined at will.
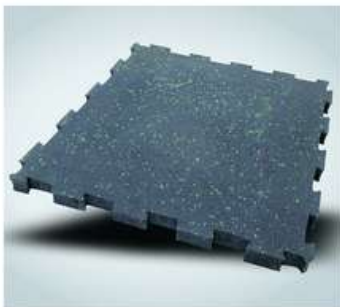

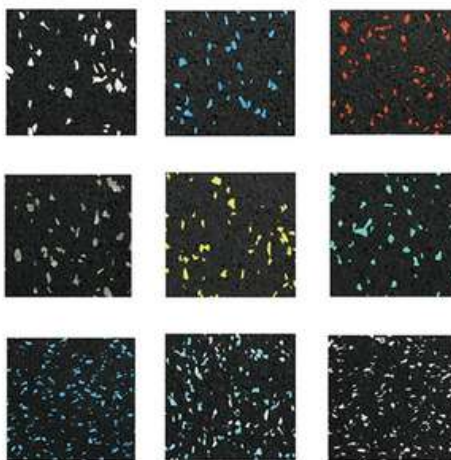

Inter lock rubber tile

Product name : Inter lock rubber tile

Standard : 485mmX485mm

Thickness : 12mm、15mm

Product color : Red, green, blue, black, grey

Product features : selastic ,prevent slippery

Application : amusement place,
indoor fitness places

Product name : Inter lock rubber tile

Standard : 485mmX485mm

Thickness : 12mm、15mm

Product color : Red, green, blue, black, grey

Product features : selastic ,prevent slippery

Application : amusement place,
indoor fitness places

Product name : Inter lock rubber tile regula

Product color : Red, green, blue,

Application : Use with floor tiles

Inter lock rubber tile Available colours

The star rubber mat

Product name : Rubber Rolls
Standard : 1.25m wide , Customised length
Thickness : 3-10mm
Product color : various kinds of colors
Product features : prevent slippery,wear-resisting
Application : training room, GYM

13

SPORTS COIL SIX ADVANTAGES

6 Various colours

1 Abrasion-resistant and non-slip

5 Fire retardant

2 Easy to clean

4 Environmental safety

3 Fracture resistance

EPDM

EPDM Granule Component
1、 EPDM rubber;
2、(Accelerant) : Tetramethyl thiuramdisulfide、 DM、 Stearic acid、 Zinc oxide ;
3、 Stuffing: Light quality calcium carbonate, Argil ;
4、 Ancillary: SiO_2nH_2O: U.V.Standard Additive、 Weat her abllity and Adhesive ;

EPDM color granule
Used for : tracks, rubber pavers, rubber tile, matetc .
characteristic : non-slip, non-static and high flexibility, the product
Capable of with standing wear and tear cay. beautiful color, maintains
simply and benefit for the environment .
Products specification : 0-05mm, 0.5-1.5mm, 1-3mm, 2-4mm.
Color : red, green. Other colors can be made to order.
